

*UNIVERSIDAD DE LOS ANDES – BOGOTA, COLOMBIA  
PHYSICS DEPARTMENT*

**ANNOUNCEMENT  
POSTDOC POSITION IN  
CONDENSED MATTER PHYSICS**

**Deadline: April 21, 2019.**

**Position starting date: August 1st, 2019.**

The Department of Physics, at Universidad de los Andes (Uniandes), Bogotá, invites applicants for a postdoctoral position at the Condensed Matter Physics Group.

Uniandes is a private university which strives for excellence in both teaching and research, currently ranked in QS in the list of top ten Latin American universities. The physics department has active undergraduate, master and doctoral programs with excellent computing and lab facilities. More information about the department and the group can be found at: <http://fisica.uniandes.edu.co> and <https://fimaco.uniandes.edu.co/>

A Ph.D. degree in Physics with experimental and/or theoretical experience on condensed matter physics, material science, statistical physics or related areas is required. Apart from their research activities, the applicants are expected to teach one course per semester in Introductory Physics.

Interested applicants should apply online at: <http://fisicaconvocatoriasp.uniandes.edu.co> by uploading their curriculum vitae, a cover letter and arranging to have a list of possible references, submitted through the platform. Please indicate the preferred line of research and the professor the applicant would be interested in working with. The professor should be chosen from the list currently working at the condensed matter physics group <https://fimaco.uniandes.edu.co/>
